

Information regarding REACH

Dear Sir or Madam

Regarding your request concerning REACH decree, we inform you about the following:

- Balver Zinn is a Downstream-User.
- In the majority of cases, the materials, which are delivered by Balver Zinn, are preparations in case of REACH. Metals, which are included in these preparations, will be registered at the end of 2010, acc. to our information. The deadlines are different for the preparations with additional materials, such as flux, solder wire, and solder paste. That is why we cannot make a final statement.
- At the moment, we know that our suppliers or their pre-suppliers did the pre-registration and then the standard registration.
- Materials, which are delivered from Balver Zinn don't contain any substances from the [candidate list \(SVHC-substance\)](#) published on 13.01.2010.
- We informed our suppliers at the end of last year acc. to the chapter R.12, Use descriptor system, regarding the identified applications for the included materials.
- Contact person at Balver Zinn for queries concerning REACH:
Mr. Johannes Thüsing
E-Mail: Johannes.Thuesing@BalverZinn.com

We would like to ask you to understand that we cannot fill in special questionnaires due to the huge amount of requests. But we hope that this letter includes every information you need.
